

COLLEGE OF BUSINESS

Position Announcement

Assistant / Associate Professor Supply Chain Management

Position: The College of Business, Auburn University in Auburn, Alabama has an opening for a qualified, tenure track Assistant or Associate Professor in Supply Chain Management starting as early as Summer Session 2009 (the position will remain open until filled). This position is affiliated with our SCM program. The undergraduate SCM major generates nearly 100 graduates annually with significant future expansion anticipated. A three-course SCM concentration is also offered in the MBA program. The SCM faculty consists of ten tenured, tenure-track, or professionally qualified faculty members.

Qualifications: Applicants must have an earned doctorate in business administration, management, or industrial engineering with a concentration in supply chain management, logistics management, supply management, transportation management, or operations management. Key qualifications include:

- Strong supply chain oriented research record appropriate to applicant's career stage, evidenced by publications in leading academic journals.
- Sustained record of excellence in teaching and the ability to teach a variety of SCM courses.
- Experience and interest in developing international study programs is highly desired.
- Industry/professional experience with supply chain-focused responsibilities is highly desired.
- The selected candidate will be required to meet eligibility requirements to work in the U.S. on the date the appointment is scheduled to begin and to continue working legally for the proposed term of employment.
- Candidate must be able to communicate effectively in English.
- Our priority is to hire an associate professor or a senior assistant professor.

Responsibilities: Successful applicants will be expected to maintain a productive research program, mentor students, and support a growing program. Teaching responsibilities will focus on undergraduate courses with potential opportunities at the MBA and Executive MBA levels. Successful applicants will be required to contribute to the service and outreach needs of the program, including interaction with professional organizations and developing relationships within supply chain communities.

Application Process: Review of application materials will begin September 30, 2008 and will continue until a qualified candidate is selected and recommended for appointment. To be actively considered for this position, interested candidates must submit a brief cover letter outlining their interest in the position, curriculum vitae, transcripts, and three letters of reference to:
